ABOUT ME

Hard work and adaptable is my character. I like to learn something new. Being grateful and never stop trying.

WORK EXPERIENCE

2017-Present

Programmer Jr. Manager, Indomarco Prismaatama

Responsibilities:

- Since 2016, I learned Microsoft Dynamic Axapta. Combine Axapta and MVC to modificate and create HR application. I work as a team. We create and modification table, function, query and service in Axapta. We use Axapta Web Service to integrate MVC, Axapta and SQL.

2014-2017

MDP, Indomarco Prismaatama

Responsibilities:

- Build and maintain internal project, especially HR. The framework is MVC and SQL for database. Business Trip is my first program. This program will help user to check, request and monitoring people who go on business trips. My second project is NKL, a program that will help to reduce salary because of goods loss in store. The other project is help team to maintain, modification and problem solving.

2013-2014

Teaching Assistant, Atmajaya University of Yogyakarta

Responsibilities:

- Teaching and test correction for AI course.

June-Aug 2013

Internship, Anugrah Inti Mulia Bogor

Responsibilities:

- Make a program with asp and SQL for asset and procurement.
